

6th grade dolphin students from DMS visited Bullz-Eye BBQ on Feb. 3rd and 4th for a reading reward. The students were challenged by their teachers to meet their reading goal and were deliciously rewarded. The lunch was great. We have done this event in the past and plan on working with Bullz-Eye BBQ in the future. As part of the reward, the students were greeted with open arms and a great big smile by the owners. After enjoying a scrumptious lunch the student walked over to the Desoto County Library and visited the new and improved children's library wing. They sure have done and continue to do amazing things for our youth.
