

## PLANNING/PREPARATION

1. Create or select long-range plans based on a review of district and state content standards, student profiles, instructional priorities and appropriate lesson design questions.
2. Define learning goals with rubrics and objectives for unit and daily plans.
3. The teacher's lesson and unit plans demonstrate knowledge of the content, prerequisite relationships between important concepts, instructional strategies specific to the subject matter, and organizes strategies and activities in an appropriate sequence.
4. Identify specific intended learning outcomes that are aligned with the district and state content standards so that students are prepared for high stakes testing.
5. Revise plans based on student needs.
6. Plan and prepare a variety of learning activities considering individual student's culture, learning styles, special needs and socio-economic background.
7. Develop or select instructional activities which foster active involvement of students in the learning process.
8. Plan and prepare lessons and instructional strategies that require students to engage with rigorous and demanding content that aligns with district and state content standards.
9. Select, develop, modify and/or adapt materials and resources, especially technological resources, which support learning objectives and the varying needs of students.

## CLASSROOM MANAGEMENT

10. Establish and maintain a positive, organized, and safe learning environment.
11. Provide a positive environment in which students are encouraged to be actively engaged in the learning process.
12. Maintain a clean attractive learning environment.
13. Maintain academic focus by using a variety of motivational techniques.
14. Establish and use behavior management techniques which are appropriate and effective.
15. Establish routines and procedures and work with students on consistently following them.
16. Create a learning climate that is challenging yet non-threatening.
17. Maintain instructional momentum with smooth and efficient transitions from one activity to another.
18. Establish and maintain effective and efficient record keeping procedures.
19. Manage time effectively.
20. Develop routines and efficient techniques for minimizing time required for administrative and organizational activities.
21. Manage materials and equipment effectively.
22. Organize materials for efficient distribution and collection.
23. Instruct and supervise the work of volunteers and aides when assigned.
24. Assist in enforcement of school rules, administrative regulations, and Board policy.

**ASSESSMENT/EVALUATION**

- 25. Establish appropriate testing environment and administer standardized tests in accordance with directions provided to ensure test security.
- 26. Develop and use diagnostic assessments prior to instruction.
- 27. Use on-going assessments to monitor learning and adjust instruction.
- 28. The teacher routinely tracks student progress on learning goals using a variety of formative approaches to assessment.
- 29. Feedback to students provides recognition of their current status and knowledge gain relative to learning goals with a focus on improving student performance.
- 30. Communicate, in understandable terms, individual student progress knowledgeable and responsibly to the student, parents, and professional colleagues who need access to the information.
- 31. Encourage goal setting by students and assist them in developing and then monitoring their plans for improving their academic performance.
- 32. Communicate, post, explain lesson expectations so students understand what is expected.
- 33. Evaluate the effectiveness of instructional units and teaching strategies.

## STUDENT INSTRUCTIONAL ENGAGEMENT

34. Demonstrate knowledge and understanding of curriculum content.
35. Communicate high expectations for learning for all students.
36. The teacher provides clearly stated learning goals accompanied by scales or rubrics that describe levels of performance relative to the learning goal.
37. Monitor learning activities, providing feedback and reinforcement to students.
38. Use a variety of instructional strategies appropriate for teaching students from diverse backgrounds with different learning styles and special needs.
39. Use appropriate techniques and strategies to enhance the application of critical, creative, and evaluative thinking capabilities of students.
40. The teacher engages students in activities that help them link what they already know to new content about to be addressed and facilitates these linkages.
41. Assist students in accessing, interpreting, and evaluating information from multiple sources.
42. Provide appropriate instruction and modifications for students with special needs, including exceptional education students and students who have limited proficiency in English.
43. Provide quality work for students which is focused on meaningful, relevant, and engaging learning experiences.
44. The teacher organizes the class in such a way as to facilitate students working on complex tasks that require them to generate and test hypotheses.
45. Foster student responsibility, appropriate social behavior, integrity, valuing of cultural diversity, and respect for self and others, by role modeling and learning activities.
46. Recognize overt indicators of student distress or abuse and take appropriate intervention, referral, or reporting actions.

## TECHNOLOGY

47. Use appropriate technology in instructional delivery.  
 48. Use technology to establish an atmosphere of active learning.  
 49. Provide students with opportunities to use technology to gather and share information with others.  
 50. Facilitate student access to the use of electronic resources.  
 51. Explore and evaluate new technologies and their educational impact.  
 52. Use technology to review student assessment data.  
 53. Use technology for administrative tasks.
